Tikamgarh, Madhya Pradesh, India

Profile

Second-year B.Tech student in Artificial Intelligence and Data Science with hands-on experience in web development and embedded systems. Skilled in building scalable applications and real-time systems. Seeking an internship or entry-level role to apply technical and problem-solving skills in real-world environments.

Education

Madhav Institute of Technology and Science (MITS), Gwalior 2025 – 2029
B.Tech in Artificial Intelligence and Data Science *Gwalior, Madhya Pradesh*

IIT Roorkee 2026 – 2027
Diploma in Data Science and Artificial Intelligence *Online*

CBSE 2025
Higher Secondary – Class XII

Experience

Yuga Yatra Pvt. Ltd. 2026
Web Development Intern

- Developed and maintained web applications using modern frontend technologies.
- Worked on responsive user interfaces and implemented reusable UI components.
- Collaborated on real-world web development tasks and application functionality.

Projects

SolveSphere | *AI-Powered Collaborative Problem-Solving Platform* **Live Demo**

- Developed a digital platform to crowdsource societal challenges and connect universities, students, innovators, and industry partners.
- Designed features for collaborative problem solving, innovation sharing, university participation, and industry support.
- Proposed an AI-assisted system to analyze submitted challenges, identify relevant skills, and facilitate suitable team formation.
- **GitHub Repository** | **Live Project**

Parking Lot Management System | *React*, *Flask*

- Developed a parking management application to automatically manage and allocate available parking slots.
- Implemented frontend functionality using React and backend APIs using Flask.
- Designed the application for deployment on a cloud platform.

Student Report Card Generator | *React*, *Flask*

- Developed an application for generating and storing student report cards digitally.
- Implemented frontend components using React and backend services using Flask.
- Designed the system to simplify student record and report-card management.

Technical Skills

Programming Languages: Python, C, C++, JavaScript

Web Technologies: HTML, CSS, React.js, Node.js, Express.js

Database: MongoDB, SQL

Data Science: NumPy, Pandas, Matplotlib, Scikit-learn

Tools: Git, GitHub, VS Code, Vercel

Other Skills: UI/UX, Embedded Systems, Microsoft Excel, PowerPoint, Word

Certifications

- **Data Analysis and Forensic Technology** – Deloitte
- **Coding and Development** – Deloitte
- **Data Science and Artificial Intelligence** – IIT Roorkee
- **AI Tools and ChatGPT Workshop** – be10x
- **Professional Certification** – JPMorgan Chase & Co.

Achievements

- **1st Place** – University Deadlift Tournament, 2026
- **1st Place** – University Basketball Tournament, 2026

Languages

English | **Hindi** | **Sanskrit**
